INTRODUCTION

Founded in 1980, Airborne Technologies, Inc. (ATI) is a licensed manufacturer of military aircraft parts selling to the U.S. government and militaries worldwide.

ATI qualifies for standard ETP funding as a manufacturer facing out-of-state competition under Title 22, California Code of Regulations, Section 4416(d)(1,2).

The company's representative states ETP funds will assist the company to meet the requirements of ISO 9000, the quality system requirements for suppliers to the aerospace industry; develop the skills necessary to improve manufacturing capacity, reduce costs, and enhance productivity on an industry-wide basis; and enable workers to be competent in utilizing upgraded systems.

RECOMMENDATION

For the reasons set forth above, staff recommends approval of this proposal.
